# WHAT IS THE "GRANDE ÉCOLE" MODEL?

## A UNIQUE MODEL

- **Highly selective schools**
- Excellent level in **Mathematics, Physics and Computer Science**
- Multidisciplinary studies and development of professional skills, such as **Economics, Management and Communication.**
- High-quality and innovative teaching methods.
- A teaching faculty bringing together professors and experts from companies
- A limited number of admitted students enabling a personalized curriculum (small groups, Student-Faculty ratio 5:1)

## STRONG LINKS WITH COMPANIES

- Compulsory internships throughout the curriculum
- Multiple interactions between Schools laboratories and companies R&D centers

# OUR DOUBLE DEGREE PROGRAM MASTER OF SCIENCE FROM RUSSIAN UNIVERSITIES & MSC IN ENGINEERING FROM PARISTECH

# INTERNATIONAL ADMISSION PROCESS

**The whole admission process is completed in English.**

## CALENDAR FOR APPLICATION (2020)

**Upon admission to a ParisTech school students will have to learn French from December 2020 to June 2022 (when they do not speak French already).**

## RUSSIAN STUDENTS AT PARISTECH SINCE 2016

**Since 2016 :**  
**55 Russian students** enrolled in a ParisTech's engineering schools.

**Success rate for admission :**  
**30-40%**

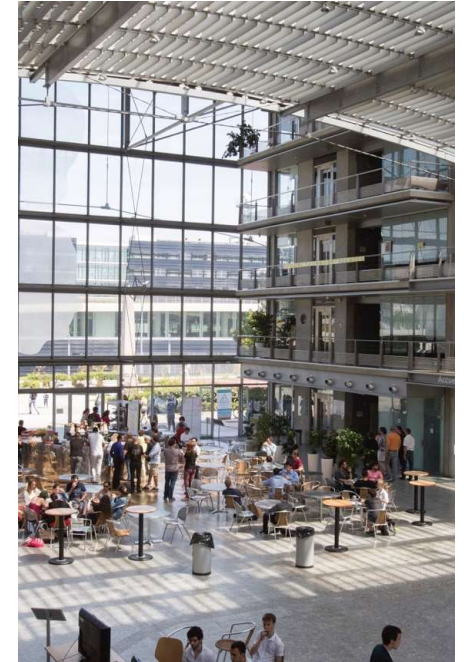

# STUDYING AT PARISTECH

## INTERNATIONAL STUDENTS SERVICES

- **Accommodations**
  - Most schools have accommodations on their campus
  - Affordable rents: ~ 380 € /month
  - Possibility of accommodation allowance
  - **Average living costs in Paris: ~ 800 € /month**
- **Assistance with visa procedure**
- **Intensive Language Training Programs**
- **Mentoring by senior students & Alumni**
- **Active participation in student activities**

**courses are taught in French**

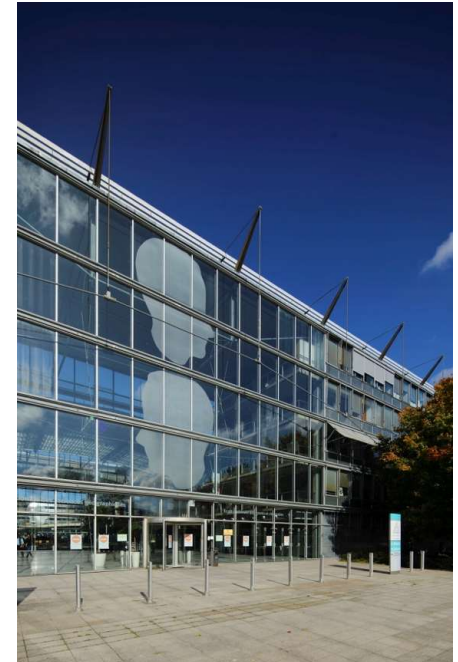

# ADVANTAGES OF STUDYING AT PARISTECH: SCHOLARSHIPS

ParisTech supports French and international student mobility through

- The French government's **Eiffel Scholarship** and **scholarships of the French embassies (BGF)**
- Scholarships provided by the **China Scholarship Council** (9+9 programme, double degree agreements, doctoral exchange ..)
- Scholarships provided by **the foundations of ParisTech schools**

To learn more about the scholarships & support:

<https://paristech.fr/en/node/6449>

## ADVANTAGES OF STUDYING AT PARISTECH: AFFORDABLE TUITION FEES

Double degree agreements rely on this basic principle with *some exception*:  
**Tuition fees are paid in the home institution**

*Full cost of a "Diplôme d'ingénieur\*" per year = 17 000€ (on average)*

	Tuition fees		List of partner universities (Double Degree)
	1st year in France	2nd year in France	
AgroParisTech	0 €	4 290 €	NSU
Chimie ParisTech - PSL	0 €	0 €	NSU, TSU
Ecole des Ponts ParisTech	3150 € (tuition) + 975€ (fees)	3150 € (tuition) + 975€ (fees)	NSU
	0 € (tuition) + 975 € (fees)	0 € (tuition) + 975 € (fees)	SPbPU
ESPCI Paris - PSL	0 €	0 €	NSU SPbPU
Institut d'Optique	665 €	665 €	NSU
	2900 €	2900 €	SPbPU
MINES ParisTech - PSL	0 €	0 €	NSU SPbPU

*\*Index 2020-2021. Tuition fees and others are subject to annual review*

## STEPS FOR THE ADMISSION PROGRAMME

### STEP 1: ONLINE APPLICATION – June 1, 2020 to September 30, 2020

Go to:

<https://studywithus.paristech.fr/en/international/russia-admission-programme>

**Carefully read all information on the page.**

Then to continue, follow the link to the online application form in “How to apply”.

[For a Russian translation, please click here](#)

2/ Principles  
3/ How to apply?  
4/ Calendar  
5/ Costs and funding  
6/ More information and contacts  
7/ Testimonials  
8/ FAQ

1/ Fields of studies

2/ Principles

3/ How to apply?

#### 1 – Preselection by home university (only for the Double Degree programme)

In order to apply you have to get in touch with the international Office of your university:

University	Contact point
Novosibirsk State University	Mrs. Michele Debrenne
TSU	Mr. Artem Yu. Rykun
SPbPU	Mrs. Alla Mazina

They will advise you on those opportunities and organize a preselection according to their criteria.

#### Application

Submit your **application** on ParisTech website before the application deadline *September 30, 2020*. You will need to provide the following information:

# INTERNATIONAL ADMISSION PROCESS

## STEPS FOR THE ADMISSION PROGRAMME

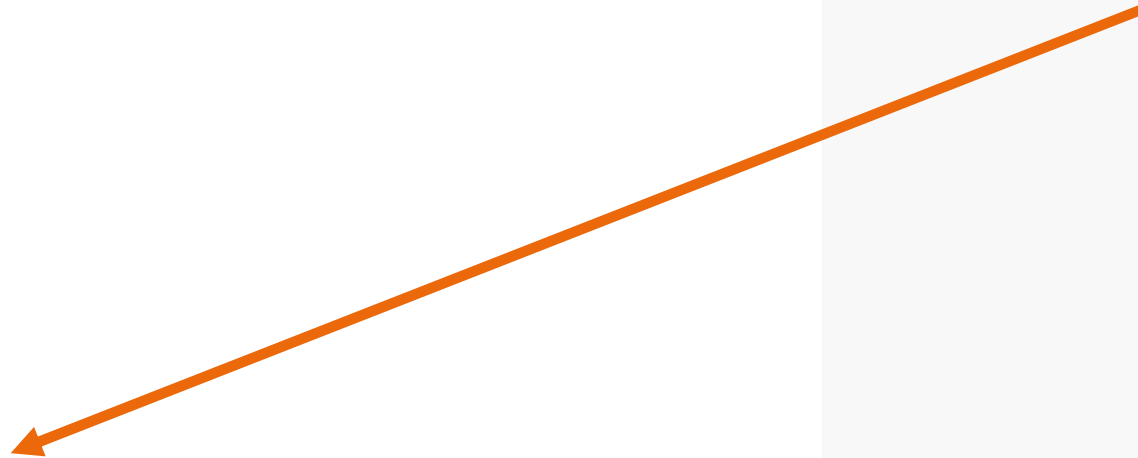

### STEP 1: ONLINE APPLICATION – June 1, 2020 to September 30, 2020

**ParisTech** International Admission Program

Please choose the country in which you are currently an undergraduate student or from which you graduated within the past two years.

Argentina
Brazil
China
Colombia
<b>Russia</b>

Once you are on the online application form page, please pick the right campaign – in your case, **Russia**.

# INTERNATIONAL ADMISSION PROCESS

## STEPS FOR THE ADMISSION PROGRAMME

### STEP 1: ONLINE APPLICATION – June 1, 2020 to September 30, 2020

#### ParisTech : Temporary connection token

ParisTech International Admission Program <noreply@parist...>

À :

Dear applicant,

You have requested an authentication token for the ParisTech International Admission Program:

**UAXY5VGM5uN7y6XxL**

This token will be available until Tue, 08 Dec 2020 19:07:52 +0100.

[You can now access your candidate space to complete your application.](#)

Once you have created your profile, an email with your token will be sent to your mailbox. **Save the email / information in it, you will need it to go back to your online application!**

You can access your file either with the token or by clicking on the link in the email.

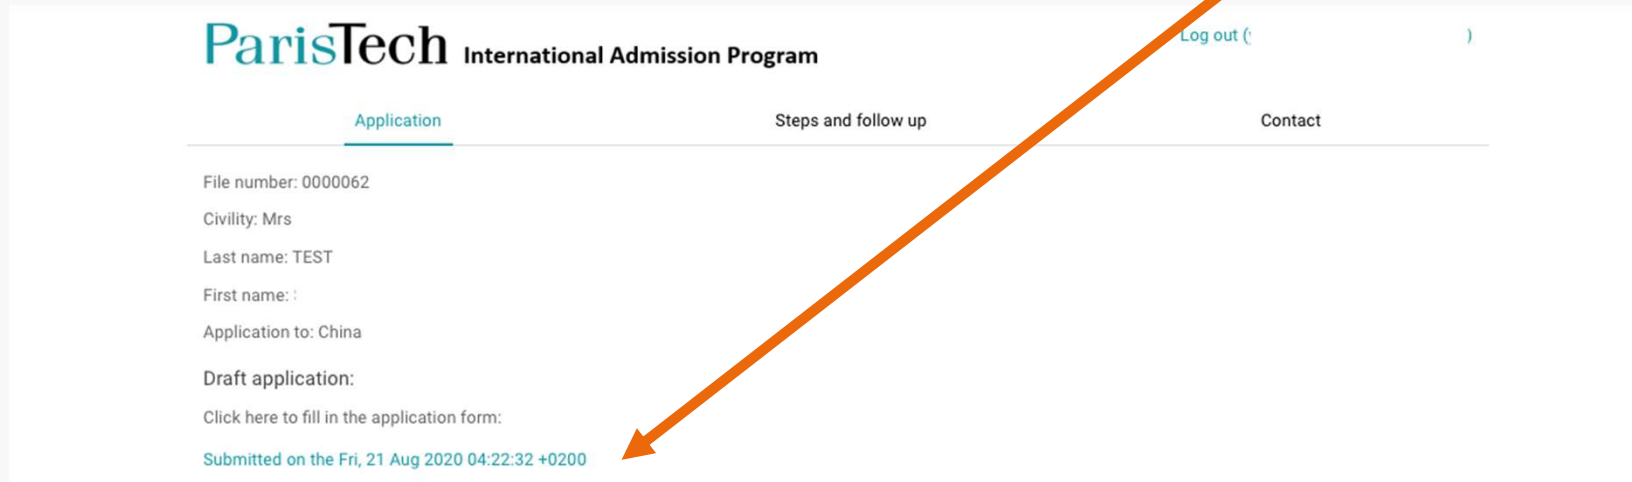

# INTERNATIONAL ADMISSION PROCESS

## STEPS FOR THE ADMISSION PROGRAMME

### STEP 1: ONLINE APPLICATION – June 1, 2020 to September 30, 2020

Once you are connected to your candidate space, click the green line to start or edit your application.

The screenshot shows the ParisTech International Admission Program interface. At the top, there is a header with the ParisTech logo and the text 'International Admission Program'. Below the header, there are three tabs: 'Application' (highlighted with a green underline), 'Steps and follow up', and 'Contact'. In the 'Application' tab, the following information is displayed: File number: 0000062, Civility: Mrs, Last name: TEST, First name: , Application to: China, Draft application: Click here to fill in the application form: Submitted on the Fri, 21 Aug 2020 04:22:32 +0200. An orange arrow points to the 'Click here to fill in the application form:' link.

# INTERNATIONAL ADMISSION PROCESS

## STEPS FOR THE ADMISSION PROGRAMME

### STEP 1: ONLINE APPLICATION – June 1, 2020 to September 30, 2020

Follow the steps, fill the information, upload your documents.  
You can save a draft anytime, and fill the form progressively.

You may save your application at any time. Once your application is complete, please click on Submit otherwise it will not be proceeded by the ParisTech Admission Team. You can always change your application – even if it has been submitted – until the submission deadline.

If you change any information after submission, you have to submit your application again.

## STEPS FOR THE ADMISSION PROGRAMME

### STEP 2: SCIENTIFIC TEST – October 13, 2020

Due to the COVID-19 pandemic, this year the scientific test will be organized only **online**. If your application is successful, you will receive a notification to attend the scientific test by October 5, 2020.

Please note that to make sure everyone's connection is functioning properly for the test on October 13, **a 30 minute mock test will be organized on October 7, 2020.**

A screenshot of a web form titled "Exam center". Below the title, there is a label "Exam center" followed by a red asterisk and a prompt "Please select the center you wish to take the written exam at". A dropdown menu is shown with "Online test" selected and highlighted by a red rectangular box. Below this, there is a checkbox that is currently unchecked, followed by the text "I certify that I will have an appropriate internet connection for the online test and the interview(s). I certify on my honor that I will not use any material, nor communicate with someone else during the online test." with a red asterisk at the end. At the bottom of the form, there are two buttons: "SAVE AS DRAFT" and "NEXT".

# INTERNATIONAL ADMISSION PROCESS

## STEPS FOR THE ADMISSION PROGRAMME

### STEP 3: INTERVIEW – October 27, 2020 to October 30, 2020

Due to the COVID-19 pandemic, this year **all interviews will be held online**. If you pass the scientific test, you will receive a notification to attend an interview by October 16, 2020.

The screenshot displays the ParisTech international admission program website. At the top, the ParisTech logo is on the left, and a 'Log out' link with the email 'lea.francheteau@kosmopolislead.com' is on the right. Below the logo, the text 'ParisTech international admission program' is centered. A navigation bar contains three tabs: 'Application', 'Steps and follow up' (which is active and underlined), and 'Contact'. A vertical timeline on the left lists seven steps: 1. Online application filled (highlighted with a blue dot), 2. File approved by the jury, 3. Written test, 4. Interview, 5. Selection, 6. Admission, and 7. Confirmation. Below the timeline, a message states: 'You have submitted your online application form for the ParisTech International Admission Program. There will be several steps possible before the announcement of the final admission to one ParisTech engineering school.' At the bottom, a bulleted list details the process: 'Online application form received by ParisTech', 'Online application form is completed and submitted', 'Application is approved by one or several ParisTech schools or not', 'If approved, you will be asked to attend the written test', 'If you are successful, you will be asked to participate in an interview with the ParisTech jury', 'After the interview, you can be selected by one or several ParisTech schools or not', 'If you are selected, you will be asked to rank the schools which have selected you', 'The jury will then decide if you are admitted or not', and 'You will have 7 days to accept the proposal (or not)'.

# INTERNATIONAL ADMISSION PROCESS

## STEPS FOR THE ADMISSION PROGRAMME

### STEP 4: JURY & RESULTS

Your application form, your results to the scientific test, and your interview will all be taken into consideration by the jury.

Before the jury takes its decision, and if you pass both the scientific test and the interview, you will be asked to rank the schools that selected you, before November 13, 2020.

Results will be published on November 21, 2020.

## TIPS ON THE SCIENTIFIC TEST

Go to <https://studywithus.paristech.fr/en/international/russia-admission-programme>, and check “How to apply”

### Step 2- Selection procedure and scientific test

After review of the application files by the jury, eligible students will be asked to take an online scientific test, on October 13, 2020.

- Instructions to be read before the test (please read them before taking the test)

Scientific test instructions

Level of difficulty by subject expected to be mastered by participants during the test, depending on the ParisTech school

- Required Knowledge for the scientific test

Chemistry

Mathematics

Physics

Life sciences and environment

- Sample test

Sample test in English

In Step 2, you will find instructions, level of difficulty by subject expected to be mastered by participants, a sample test...

# CONTENT OF THE SCIENTIFIC TEST

1<sup>st</sup> part: Mathematics – mandatory for all

2<sup>nd</sup> part: “à la carte” – depends on your Faculty and the school(s) you would like to go

*we expect that you will be able to answer the most difficult questions in you field of specialization!*
