

# ■ GRADUATE SCHOOL IN SCIENCE, ENGINEERING & ECONOMICS IN PARIS

- 'Ecole des **Mines**' founded in 1783  
At that time 'mining = forefront technology'
- Evolved strongly over the **centuries**
  - With new technologies: coal, electricity, electronics, computing
  - Always involving research in economics and management
- Today, among the top institutions in **applied mathematics, applied physics, economics and social sciences**
- The historical name 'MINES' remains but we are no longer a '**specialized mining school**'!
- Reporting to the Ministry of Industry and Finance
- Today we are part of "Paris Sciences et Lettres" University.
- Attached by convention to "Institut Mines Telecom" (Ministry in charge of Industry)

1783  
Foundation  
decree

# Why 'MINES ParisTech'

- Founding member of ParisTech
- ParisTech = **Paris Institute of Science and Technology**
  - Consortium of 10 excellence institutes in science, engineering, economics and business
  - Leaders in their fields

ParisTech

*École des Ponts  
ParisTech*

*Chimie Paris  
ParisTech*

**MINES  
ParisTech**

*Arts et Métiers  
ParisTech*

*TELECOM  
ParisTech*

*ENSTA  
ParisTech*

*AgroParisTech*

*ESPCI  
ParisTech*

*ENSAE  
ParisTech*

*(Institut d'Optique  
Graduate School)*

- **25 historical high research universities, centers and schools in the heart of Paris** (ENS, Collège de France, Institut Curie, EHESS, Paris-Dauphine, CNRS, INRIA, INSERM, ESPCI ParisTech, ...)
- **10 nobel Prizes, 10 medal fields** (mathematics), 34 CNRS gold medals
- **Rankings:**
  - **QS Ranking: 50<sup>th</sup> worldwide (1<sup>st</sup> in France)**
  - **THE Ranking: 41<sup>th</sup> worldwide (1<sup>st</sup> in France)**
  - **Potential Shanghai Ranking: 26<sup>th</sup> worldwide**
- **Common strategy in Msc (Material Sciences & Energy) and PhD**
- **Very few high selected international partner universities**
  - Cambridge University (UK)
  - National Taiwan University
  - New York University (USA)
  - Columbia University (USA)
  - Australian National University
  - ...

- **4 locations**

- **Paris:** Paris downtown (Quartier Latin)
- **Evry:** 30 km south of Paris
- **Fontainebleau:** 60 km south-east of Paris
- **Sophia-Antipolis:** on the “Côte d’Azur”, 20 km from the city of Nice

Paris

Evry

Fontainebleau

Sophia Antipolis

- **2,000 PEOPLE**

- 800 employees including **230 faculty members**
- **1,200 students:**
  - 500 at Master level / Engineering
  - 300 at Post-Master level (short programmes)
  - 400 at PhD level

The library

**2<sup>nd</sup>**  
best university in  
engineering in  
France

**1<sup>st</sup>**  
University in  
France for its  
links with  
industry

**35%**

Links with  
industry

- **Innovation at the heart of our history and strategy**

- In our relations with industrial partners

- Companies created by Mines ParisTech Alumni

- Pre-incubator, Entrepreneurship Price: MINES ParisTech-Criteo

- **Innovation, a transdisciplinary discipline**

- Department Management, Society, Economy
- Chair « Theory and Methods of Innovative Conception »
- Interdisciplinary Institute of Innovation (i3)

- **Participation in public debate**

## 5 departments

- ✓ Energy and process engineering
- ✓ Earth sciences and environment
- ✓ Mathematics and complex systems
- ✓ **Materials** and mechanics
- ✓ Economy, management and society

## 18 research labs

- Energies of the future
- Transport and mobility
- New materials
- Health and environment
- Innovation and competitiveness

1000 /year  
Research  
contracts  
30 K

200  
industrial  
partners

27  
industrial  
chairs

400  
scientific  
publications  
rank A

## 2 Nobel prizes

Maurice ALLAIS - Economics - 1988  
Georges CHARPAK – Physics - 1992

## 1<sup>st</sup>

University in France for the  
amount of contractual  
research

## ○ Research at MINES ParisTech

143  
faculty  
members

### Research centers and groups

Centre of robotics ([CAOR](#))  
Centre for bio-informatics ([CBIO](#))  
Centre Automatic Control and Systems ([CAS](#))  
Centre of Applied Mathematics ([CMA](#))  
Centre of Mathematical Morphology ([CMM](#))  
Centre of Computer Sciences ([CRI](#))

### Main research topics

- Image processing and mathematical morphology
- Mobile Robotics and Software Environments
- Point Cloud and 3D Modeling
- Virtual Reality and Augmented Reality
- Machine learning in production and logistics
- Control and optimization
- Information technology and programming languages
- Automatization and Systems
- Bio-informatics and data analyses: computational biology, statistics, precision medicine, bioimaging, computer vision, chemoinformatics, genetics, systems biology, big data
- Modeling methods to help decision-making

## ○ Research at MINES ParisTech

155  
faculty  
members

### Research centers and groups

Centre for Energy Efficiency of Systems ([CES](#))  
Centre Thermodynamics of Processes ([CTP](#))  
Centre Observation, Impacts, Energy ([O.I.E.](#))  
Centre for Processes, Renewable Energies and  
Energy Systems ([PERSEE](#))

### Main research topics

- Energy efficiency of Systems
- Thermodynamic of Processes
- Observation, Impacts, Energy
- Processes, renewable energies and energy systems

Hydrogen  
production by  
plasma

Air  
conditioning

Artificial sun

## ○ Research at MINES ParisTech

276 faculty  
members

### Research centers and groups

Centre of Material Transformation  
([CEMEF](#))

Centre of Material Engineering  
([MAT](#))

### Main research topics:

- Increase lifetime
  - Damage, ageing and fracture mechanisms
- Improve materials properties
  - Microstructure optimisation
  - Microstructure control during parts forming
- Reduce environmental impacts
  - Lighter structures design
  - Bio-sourced materials development
- Develop new materials and processes
- Materials simulations

## ○ Research at MINES ParisTech

117 faculty  
members

### Research centers and groups

Centre for Geosciences ([GEOSCIENCES](#))  
Higher Institute for Environmental  
Engineering  
and Management ([ISIGE](#))

## Main research topics:

- Geosciences:
  - Geology
  - Geophysics
  - Geostatistics
  - Civil and mining Eng.
- Environment engineering and management

Gas storage

## ○ Research at MINES ParisTech

130 faculty  
members

### Research centers and groups

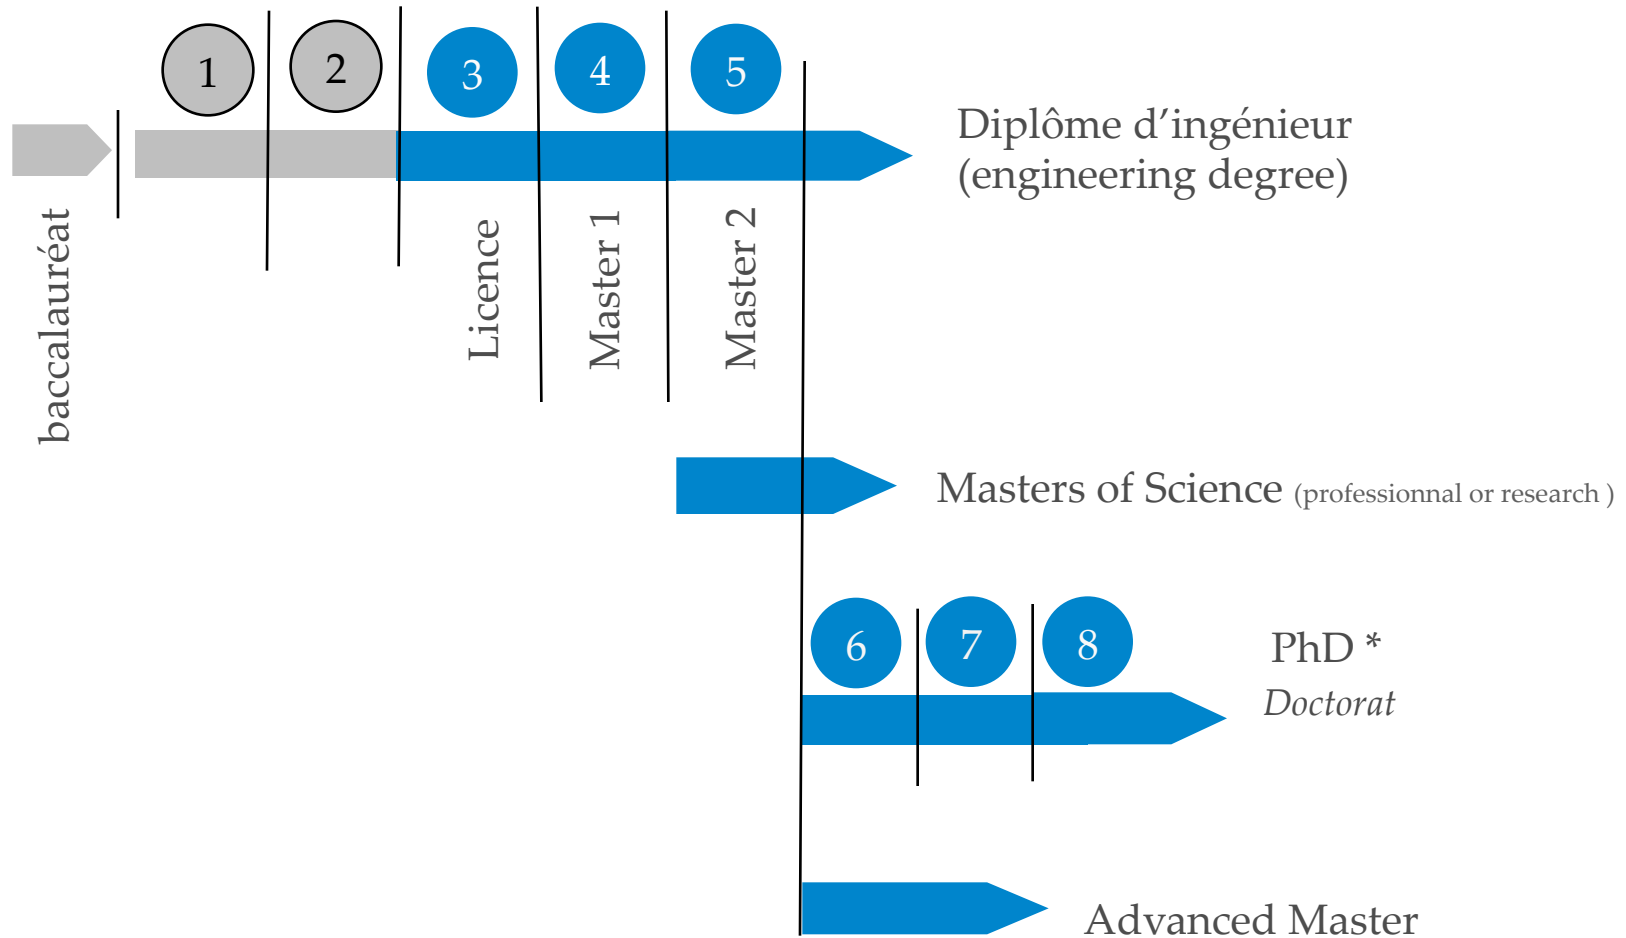

Centre for Industrial Economics ([CERNA](#))  
Centre for Management Science ([CGS](#))  
Research Center on Risks and Crisis ([CRC](#))  
Centre for the Sociology of Innovation ([CSI](#))

## Main research topics

- Industrial Economics
- Scientific management
- Sociology of innovation
- Hazards and Risks sciences

# Educational programs offered

- 16

## ○ Diplôme d'ingénieur – MSc in sciences and executive engineering

### The **philosophy**:

- To **train engineers** with an strong scientific background, **prepared to become managers**, in any kind of companies, **all over the world**.

### The **program**:

- Strong background in fundamental courses,
  - ✓ Mathematics, physics, mechanics ...
- with a multidisciplinary approach:
  - ✓ Social sciences, Languages, Sports, Economy and management, Innovation and entrepreneurship
- and the possibility to customize your curriculum with 18 fields of specialization:
  - ✓ Applied mathematics, Information technology, Control engineering and computer science, Computational Biology, Earth and environmental sciences, Materials sciences and engineering, Energy and chemical engineering, Economics and social sciences

9 to 21  
months in  
internship

800  
lecturers  
from  
corporate  
world

**Top 1%**

of scientific  
students in  
France  
admitted

**60%**

of the students  
employed  
even before  
being available

**49 k**

Average  
salary (first  
position)

## ○ Programs taught in English

- **Masters (PSL)**
  - Materials science and Engineering
  - Master in Energy
- **Advanced Masters (and continuing education)**
  - Materials, Processing and Modeling (MAPMOD)
  - International Environmental Management (ENVIM) together with Tsinghua University
  - International Energy Management (ALEF) together with Tsinghua University
  - *CESECO : Analyse technique et économique des opérations minières à ciel ouvert*
    - Technical and economical analysis of open-pit mining operations
- **PSL-ITI: *Institut de Technologie et d'Innovation***
  - Preparation to PhD: 'year 0': courses, research, start-up business plan... in multidisciplinary fields
- **Research internship** at Bsc 4 or MSc1 or MSc 2 level in one of above mentioned research centers
- **PhD** in one of above mentioned research centers

**120**  
partner  
universities

**33**  
Double degree  
agreements

**20%**  
Of research  
contracts  
with a  
foreign  
partner

**35% of  
international  
students**

**20 %  
Of outgoing  
students for  
exchange**

**100%  
of ours  
students in  
internship  
abroad**

## Relations with the Republic of Korea :

- ✓ Agreement with SNU in 2007
- ✓ Agreement with KAIST in 2009
- ✓ Agreement with POSTECH in 2015
- ✓ 5 student from ROK (two exchanges, 3 for double Master)
